CHARITY hosted by Derek Thompson

RACE NIGHT

In aid of Guide Dogs for the Blind Association and Croydon Visual

We will not rest until blind and partially sighted people can enjoy the same freedom of movement as everyone else. We provide mobility and freedom to blind and partially sighted people. We have been expertly breeding and training guide dogs for more than 75 years, providing many thousands to blind and partially sighted people of all ages

and walks of life. The lifetime cost of a guide dog is around £50,000. We also deliver confidence-building rehabilitation services including long cane and mobility training and communication and daily living skills. In addition, we campaign for the rights of people with visual impairment, educate the public about eye care and fund eye disease research.

Croydon Visual

Croydon Visual is the working name of Croydon Voluntary Association for the Blind and welcomes all Croydon residents with a visual impairment to become members, so that they can enjoy the huge range of services that are available. We run three mini buses to transport members to and from home to our centre in Croydon where many activities take place including classes in art and craft, pottery, bowls, computer training, keep fit and yoga, mobility training,

counselling, both in-house and over the telephone, and outings to places of interest – all this as well as lunch on four days of the week. A monthly newsletter is recorded and circulated to all members via the Croydon Talking Newspaper. Advice is also offered on products as well as low vision aids that can reduce the impact of failing sight.
