'ROYAL ASCOT'

(Notice for all 'Royal Ascot' Bookmakers)

Royal Ascot bookmakers will recall that last year (2014) the Gambling Commission carried out a 'Think 21' "age verification" exercise to evidence whether bookmakers were compliant with the age requirements of the Gambling Act.

The exercise confirmed that compliance was generally poor and unsatisfactory.

It is highly likely that the Gambling Commission will repeat the exercise again this year (2015) to ascertain whether there has been any improvement over the last twelve months.

Royal Ascot bookmakers are reminded to remain vigilant and to implement the 'Think 21' policy at all times.

You should be aware that repercussions are likely in the event of further lack of compliance.
