Racecourse Lists post September 2007.

Dear Colleagues,

Negotiations regarding the supply of 'racecourse lists' after September 2007 have now begun between the NAB and Weatherbys.

All racecourse bookmakers will soon be receiving, through the post, written details and a 'questionnaire' concerning their use of 'lists' and whether they will still require them after September 2007 or not.

Weatherbys will require this information to ascertain the number of lists that they are required to print on a daily basis.

Your cooperation in this exercise will be greatly appreciated.

George Moir.
Chairman.
