'THINK 21'

BTEC Award in Preventing Under Age Gambling/ Test Paper.

It has been several weeks since the "Award in Preventing Under Age Gambling" workbooks were sent out to all racecourse bookmakers.

Whilst some bookmakers have taken advantage of the scheme (all having "passed" the exercise and gained the BTEC Award) the overall 'take-up' has been disappointing.

It is important to demonstrate to the Gambling Commission that Racecourse Bookmakers take their responsibilities seriously with regard to the requirements of the Gambling Act 2005, and taking part in this award scheme is one way of doing so.

Following completion of the workbooks, there is a short multiple choice test to complete. The Test Paper will be sent to you separately, together with specific instructions for completion and return of the test paper and the workbooks for assessment.

You are strongly advised to participate in the BTEC Award Scheme. If you require any further assistance with any aspect of the scheme you should contact 'Under Age Sales Limited' on **0345 257 0018**.
