Rails Bookmakers'
Association

8th April, 2016

Dear Colleague,

Urgent Notice to Bookmakers

- 1) The FRB understands that you will shortly receive a letter from Turf TV (TTV) offering to buy your data from Turf TV's 34 racecourses from 1st June 2016 to 31st March 2018 on an exclusive basis.
- 2) As you know, in December 2015 Turf TV gave the FRB notice to terminate its right to receive that data with effect from 31st May 2016. In response, SIS offered to replace Turf TV from that date and has since contracted with the FRB in relation to the exclusive right to receive all data from all racecourses following the expiry of the TTV contract.
- 3) The FRB recommends you to take independent legal advice if you are considering accepting the offer in order to protect your position. In the meantime, we strongly urge you not to accept Turf TV's offer or make any response.
- 4) The FRB will be contacting you further in the near future to fully detail the position going forward and explain how the SIS/FRB agreement will continue to provide you with financial security for the duration of the agreement. This will not only be of greater benefit to you as an individual bookmaker but to the betting industry as a whole and ensure the continued strength and independence of on-course bookmakers as a collective.

To reiterate: if you are considering signing the Turf TV agreement you are strongly urged to seek your own independent legal advice. If you have any queries in the meantime please do not hesitate to contact any of the FRB Directors.

Robin Grossmith
Anthony Styles
Philip Crisp
